photo_frits_2.jpg Frits Bruijnse started his career as auditor in Amsterdam, where he comes from, then moved to France, where he specialized in advising foreign companies. His skills are based on a triple qualification Expert-Comptable and Commissaire aux Comptes in France and Registeraccountant in the Netherlands. The fact that he has been educated and trained in the Netherlands is of great help for him to understand the needs of his foreign clients and to help them to find their way in France.

Fluent in Dutch, French and English and also able to communicate in German, Frits Bruijnse can meet the complex challenges of these clients, who require enhanced support due to the language and the special issues related to French tax law, social law and accounting law, which are usually difficult to understand for foreigners.

BRUIJNSE Frits

Fort d'une triple qualification Expert-Comptable, Commissaire aux comptes et Registeraccountant (inscrit au Tableau aux Pays Bas) son dirigeant Frits Bruijnse a d'abord commencé sa carrière dans l'audit à Amsterdam puis en France. Depuis 15 ans il s'est spécialisé en expertise comptable, notamment auprès des filiales françaises de groupes étrangers.

Parfaitement trilingue néerlandais, anglais, français et d'un bon niveau en allemand, Frits Bruijnse peut répondre précisément aux besoins de ses clients qui nécessitent souvent un suivi particulier dû à la langue et aux spécificités du droit comptable, social et fiscal en France, souvent difficiles à comprendre pour la plupart des étrangers. Grâce à sa formation aux Pays-Bas, il peut parfaitement accompagner ses clients et les aider à s'installer en France.
